5. Click on

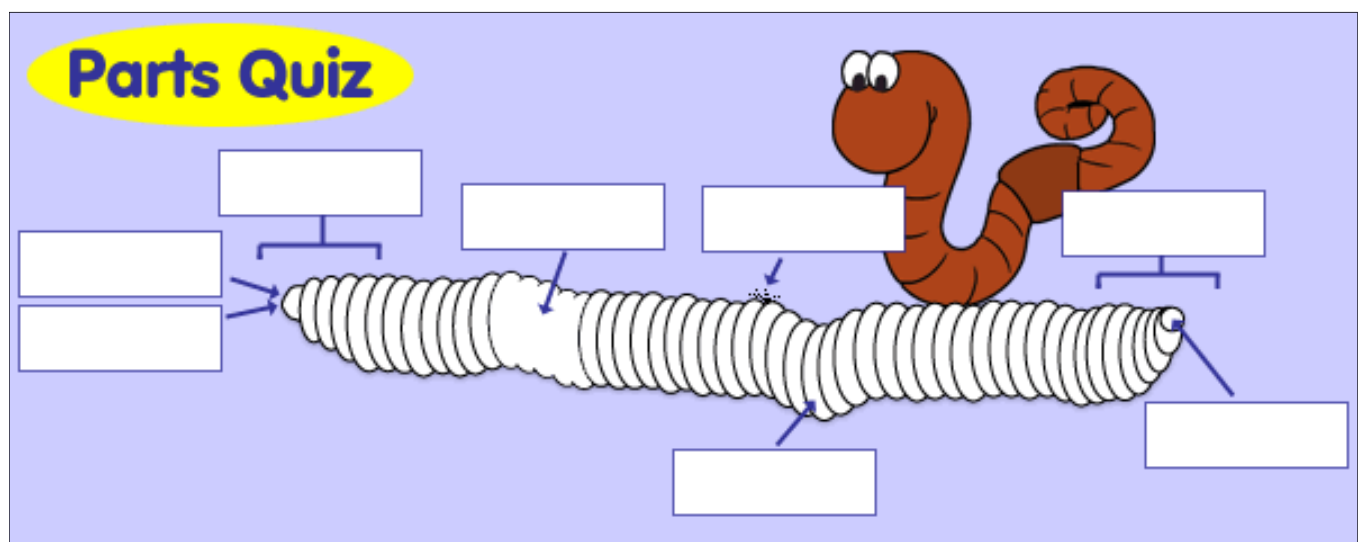

Read about Herman's History and fill in the missing words. Use the words at the bottom to help you.

Early European settlers brought me over to _____ during the 1600's and 1700's. I tagged along in the _____ around the _____ of plants that they were bringing with them. A lot of people think that all _____ insects, weeds, and animals are _____. I am a little different though. If I hadn't been brought over, your _____ and _____ would be very poor. Worms don't have _____ so our fossils are hard to find. Existing fossil annelids date back _____ million years ago. The problem is that scientists haven't found fossils of the worms themselves but "_____." These are _____ in rocks that may be burrows that were formed when the worms wriggled through the sand.

soil foreign gardens tunnels fossils bad
